U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on APRIL 9, 1978
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
APRIL 10 - 16, 1978
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of April 20, 1978 (based on reports from exporters for the week ending April 9, 1978, unless otherwise noted).

Wheat: New sales activity (79,300 MT) hit a new low as the current marketing year (MY) nears an end. East Germany registered the only significant purchases. Sales to unknown destinations were more than offset by contract adjustments and final destination assignments. Sales for MY 1978/79 featured notable amounts for the Peoples Republic of China and Brazil. Under the daily reporting system, the PRC added 100,000 metric tons (MT) for MY 1977/78 and 300,000 MT for MY 1978/79. Export volume dropped to 503,800 MT.

Corn: Net new sales activity continued the recent strong trend, exceeding 1 million MT for the fourth consecutive week. Japan continued as the largest buyer, however, numerous European countries added to previous purchases. Contract adjustments and destination assignments resulted in a net decrease in outstanding sales to unknown destinations. European countries, were the main recipients on sales switched from unknown. Under the daily system, the USSR purchased 100,000 MT for MY 1977/78 and 250,000 MT for MY 1978/79 (first contract for the third year of the 5-year agreement). Exports strengthened for the third consecutive week, totalling 926,000 MT.

Soybeans: Although down from the near record level of the previous week, sales were still heavy. The EC, Eastern Europe, Japan, Canada and the USSR were the major purchasers. Buyers added 240,200 MT to MY 1978/79 purchases. The EC and Spain accounted for over 82 percent of the 393,200 MT exported during the week.

Soybean Cake and Meal: Sales to the EC (82,900 MT) continued heavy. Weekly sales totalling 141,000 MT, registered one of the highest levels this MY. Exports (149,900 MT) were down, going primarily to the EC.

Soybean Oil: Sales to the PRC (15,000 MT), and Pakistan (8,900 MT) helped push sales activity (39,900 MT) to near-record highs. Optional origin sales were reduced by 10,000 MT as India exercised foreign option. Exports (17,300 MT) went primarily to India, Pakistan, Israel and Mauritania.

Sorghum: Market activity registered its strongest showing in weeks. Japan added significantly to earlier purchases. Mexico's intital purchase for the MY was reported (24,100 MT). In addition, exporters reported sales of 100,000 MT to Mexico for 1977/78 under the daily system. Sales to unknown rose by 91,400 MT for the current MY and 50,800 MT for MY 1978/79. Exports were fairly heavy.

Cotton: Sales activity continued moderately large. Current MY sales increased 102,800 RB as PRC added 43,800 RB and Korea, Thailand, Japan, Taiwan, and Italy added smaller amounts. MY 1978/79 sales increased 42,500 RB as significant quantities were reported to Korea, Japan, Thailand, and Taiwan. Exports of 182,600 RB were the second largest this season with 87 percent going to Asia.

Barley, Oats and Rice: Showed no significant activity.

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
